

# Massachusetts Department of Correction College Internship Program

*Allow students to enhance their educational learning by providing opportunities to experience working in the corrections field.*

The MA Department of Correction is looking to provide opportunities to college students to experience working in the corrections field. There will be over 15 tracks or specialized areas offering participants a comprehensive overview of the Department's policies, procedures and practices. Some of the many concentrations interns can select from are: operational management, re-entry, classification, offender case management, strategic research and planning, office of communication and outreach, legislative office, legal division, and human resources.

## **Objectives:**

- Provide Students with hands-on opportunities to visit and explore DOC Careers
- Allow Students to network with our professional staff and learn about Civil Service occupations and Public Safety Jobs
- Open to all college Students enrolled in accredited programs in institutions of higher learning
- Comply with Executive Order 526 in the Recruitment and Retention of Diverse Candidates
- Enable participant Students to visit all approved areas of DOC Institution (s) and/or Divisions
- Create a comprehensive informational program of DOC work procedures for potential applicants
- Open to students that major in Criminal Justice, Finance, Psychology, Sociology, Legal, Communications, Public Safety or other appropriate areas of study
